

TACK.
PRIMEPATCH

FP PRIMEPATCH

**Formerly known as PHPM50*

Fastphalt's environmentally tack, formulated as a membrane for pothole patching and asphalt overlays.

BENEFITS

- No Heat is required. All season material, freeze protection is needed during storage
- Compatible with all patch mixes
- Liquid Stable (will not gum or become viscous, clogging equipment)
- Increases patch life by up to 5 times
- Seals patch from water infiltration eliminating patch failure
- NSF/ANSI 61 Certified to comply with drinking water materials (eliminates any environmental concerns from runoff into rivers and lakes)
